To Whom It May Concern

Re: Bye Bye Birdie Goose Control Services Ltd.

Dear Sirs/Madame:

As the manager of one of the most active and busiest cemeteries in the GTA, and being of substantial size at 175 acres in downtown North York, it would be hard to imagine that Canada Geese would be a problem for our employees and our customers. However, Canada Geese have steadily been a problem as our vast areas of lawns and water features have attracted them at an increasing number each year. Controls have been difficult to match the pressures from environmentalists and the neighbouring residents bordering the cemetery, limiting our use of a scare pistol and the use of dogs, as most bereaved find the dogs offensive.

Also Owned and Operated by
MOUNT PLEASANT GROUP
OF CEMETERIES:
Mount Pleasant Cemetery
Crematorium and
Mausoleum
Prospect Cemetery
Crematorium and
Mausoleum
Toronto Necropolis
and Crematorium
Meadowvale Cemetery
Crematorium and

Pine Hills Cemetery
Visitation, Chapel and
Reception Centre
Elgin Mills Cemetery
Visitation, Chapel and
Reception Centre
Thornton Cemetery
Crematorium and
Mausoleum
Duffin Meadows Cemetery

I can hereby testify that after contacting Sherri Hall (Director of Field Operations) at Bye Bye Birdie Goose Control Services Limited, that I have met one of the most knowledgeable persons in this field. Bye Bye Birdie not only has a convenient web site, but their staff are friendly, knowledgeable, and have many years of experience behind their belts.

Sherri was kind enough to ascertain our situation and drove a considerable distance on a weekend (on her day off) to help us out.

I have no hesitation in recommending their services. I was very impressed with their operations and I think you will be too.

Thank you Sherri and the staff at Bye Bye Birdie! Our resident and migrating geese have been reduced in numbers, thanks to you and your advice.

Thank you.
